

# CITY OF KERRVILLE PUBLIC NOTICE

Date Issued: August 12, 2014

## STAGE 2 CRITICAL WATER CONSERVATION

**Effective Wednesday, August 13, 2014 at 12:01 a.m.**

In accordance with City of Kerrville Ordinances, Chapter 110 Article III, Stage 2 – Critical Water Conservation conditions exists in the City of Kerrville, Texas. City of Kerrville water customers are required to curtail water usage as per the following:

A. Landscape watering is **PERMITTED** on the following day / time with automatic irrigation systems / sprinklers, hose-end sprinklers, and soaker hoses:

- 1.) between the hours of **6:00 a.m. to 9:00 a.m.** and between the hours of **8:00 p.m. to 10:00 p.m.**
- 2.) **ODD Addresses\*** may water during the above hours on **Tuesdays and Saturdays.**
- 3.) **EVEN Addresses\*** may water during the above hours on **Wednesdays and Sundays.**

\*Addresses are designated as ODD and EVEN by the last numerical digit in the property address.

B. Landscape watering is **PERMITTED** every day between **7:00 p.m. – 9:00 a.m.** if conducted by means of a hand-held hose with a manual or automatic shut-off nozzle operated by one person, a faucet filled bucket or water can with a capacity of five gallons or less, or a drip irrigation system.

C. **Fire Hydrant Meter.** A temporary fire hydrant meter shall be limited for construction and irrigation purposes not to exceed 20,000 gallons per day; and use of water for irrigation purposes is restricted to the hours and days allowed for all landscaping by this section.

D. The following uses of water are **PROHIBITED**:

- 1.) Operation of any fountain, pond, or other ornamental water feature for aesthetic purposes except where necessary to support aquatic life or where such fountains or ponds are equipped with a re-circulation system.
- 2.) Washing down any sidewalk, walkway, driveway, parking lot, tennis court, or other hard surfaced areas except when required by law for the protection of health and safety or when required to perform duties related to construction activity and a power washer is used.
- 3.) Use of water for dust control.
- 4.) Washing down buildings or structures for purposes other than immediate fire protection, or when it is required to perform duties related to construction activity and a power washer is used.
- 5.) Use of bulk potable obtained from the City for construction purposes.

E. **Streets and gutters.** It is unlawful for a person to use water obtained from the City of Kerrville to flush street gutters, or to permit water to run off or accumulate in any street gutter, street, or alley, or to flow into a public drain in a manner that constitutes waste.

Failure to comply with the water conservation measures currently in effect is a violation of Chapter 110, Article III, of the Kerrville City Code, and upon conviction, may result in a fine of not less than \$50.00 nor more than \$2,000.00 per offense plus court costs. Repeated violations may also result in disconnection of water service.
